

Central de Aprendizagem Panduit: Como comprar e aplicar para um um treinamento

*Haverá um intervalo de 6 horas entre a conclusão do treinamento e a disponibilização do certificado

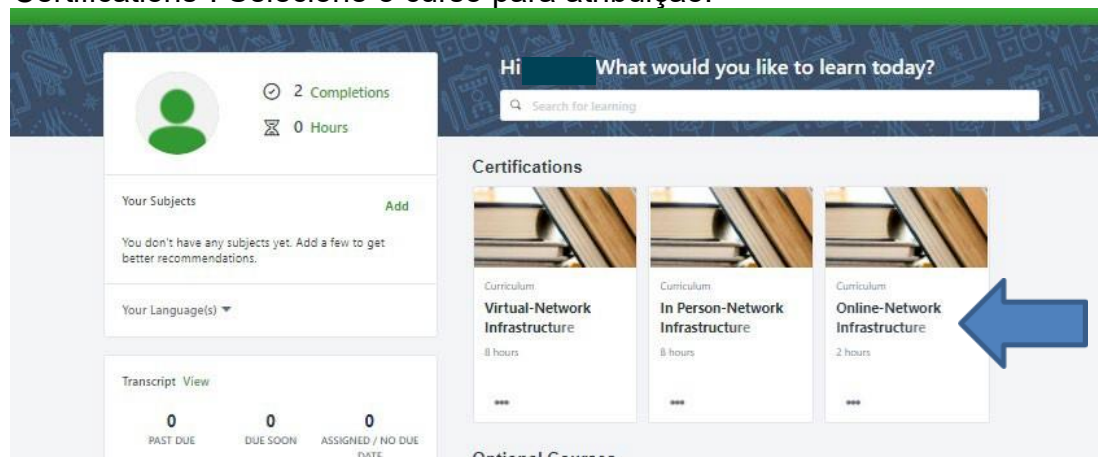

Passo 1: Navegue até "My Training"

O usuário fará login no The HUB: <https://partners.panduit.com>. No menu superior clique em "Training" e em seguida clique em "My Training".

Passo 2: Selecione um curso para aplicar

O administrador do usuário verá os treinamentos disponíveis para atribuição em "Certifications". Selecione o curso para atribuição.

Step 3: Register the Training for Users (*skip to step 4 if you already had the training assigned to yourself)

After selecting a course, the Partner Admin should click “Request” to register for the course. After clicking “Request”, the Partner Admin can add additional technicians to their cart for a user(s).

CURRICULUM

Online-Network Infrastructure Cabling Develop Online

Last Updated 12/17/2021 Duration 4 hours

Details

This curriculum will enable Panduit ONE Partners to sell comprehensive Network Infrastructure solutions on Panduit's behalf. Students will begin by familiarizing themselves with the functional areas of a Network Infrastructure. Then, they will explore Panduit's available Enterprise and Data Center solutions and products, the role of these products within a telecommunications network, and the features, benefits, and applications of Panduit's top-selling Network Infrastructure products.

Step 5: Verify User(s) assigned Training

Verify the number of users (technicians) you are purchasing training for and click submit

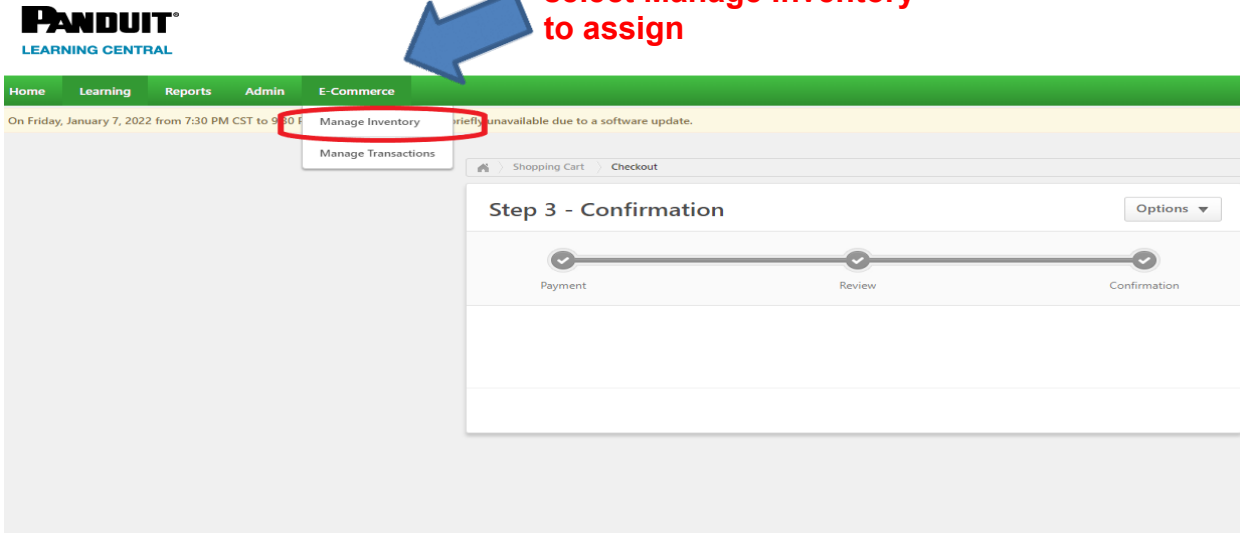

Step 7: Verify the course(s) apply coupon code and Proceed to Check out

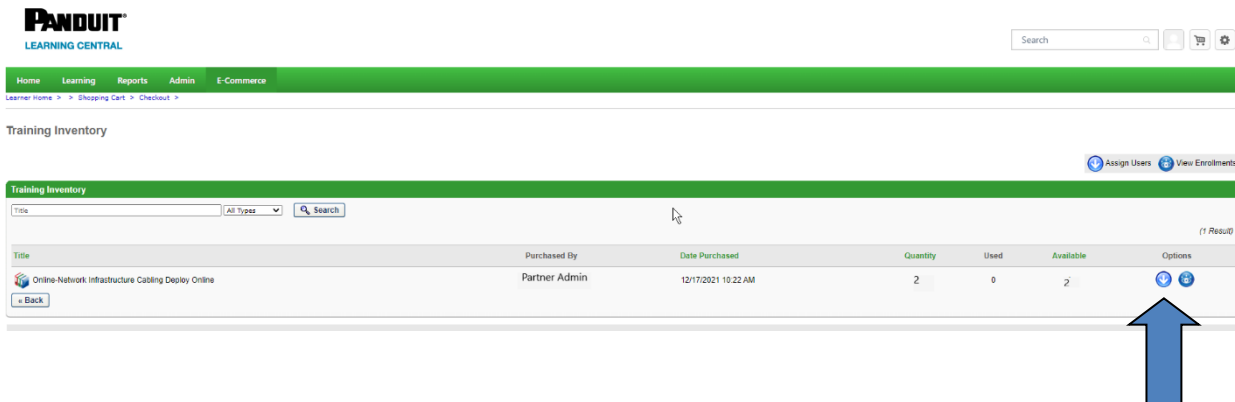

Step 8 : Assign Training to Users

After clicking “Place Order”, the Partner Admin should click “E-Commerce” in the navigation bar, and select “manage inventory”. This will allow the Partner Admin to choose their user(s) for the course assignment.

Click E-Commerce and select Manage Inventory to assign

The screenshot shows the Panduit Learning Central interface. The navigation bar includes Home, Learning, Reports, Admin, and E-Commerce. The E-Commerce menu is open, showing options like Manage Inventory and Manage Transactions. A blue arrow points to the E-Commerce menu, and a red circle highlights the Manage Inventory option.

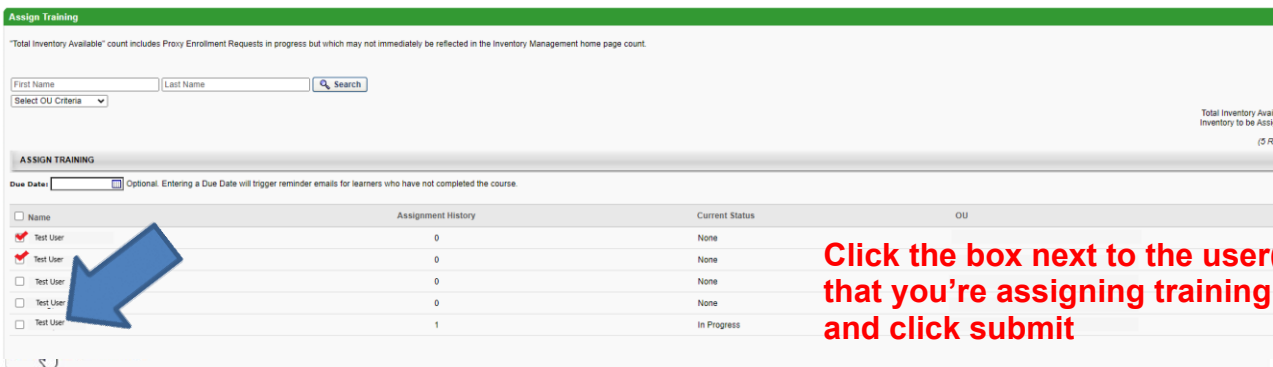

The screenshot shows the Training Inventory page. The page title is 'Training Inventory'. There are buttons for 'Assign Users' and 'View Enrollments'. A blue arrow points to the 'Assign Users' button.

Click the arrow to choose the user(s) that you'd like to

**Active Users in the Company will be listed. Click the checkbox next to user's name to assign the course. Make sure the Current Status is None; any other status such as: In progress, Registered or Completed means the course has been already assigned.

Assign Training - Online-Network Infrastructure Cabling Develop Online

The screenshot shows the Assign Training page. It includes a search bar, a table of users, and a table of assignment history. A blue arrow points to the checkbox next to the first 'Test User' in the user list.

Name	Assignment History	Current Status	OU
<input checked="" type="checkbox"/> Test User	0	None	
<input checked="" type="checkbox"/> Test User	0	None	
<input type="checkbox"/> Test User	0	None	
<input type="checkbox"/> Test User	0	None	
<input type="checkbox"/> Test User	1	In Progress	

Click the box next to the user(s) that you're assigning training and click submit
