

Central de Aprendizado Panduit: Como Completar Sua Recertificação

*Haverá um intervalo de 6 horas entre a conclusão do treinamento e a disponibilização do certificado

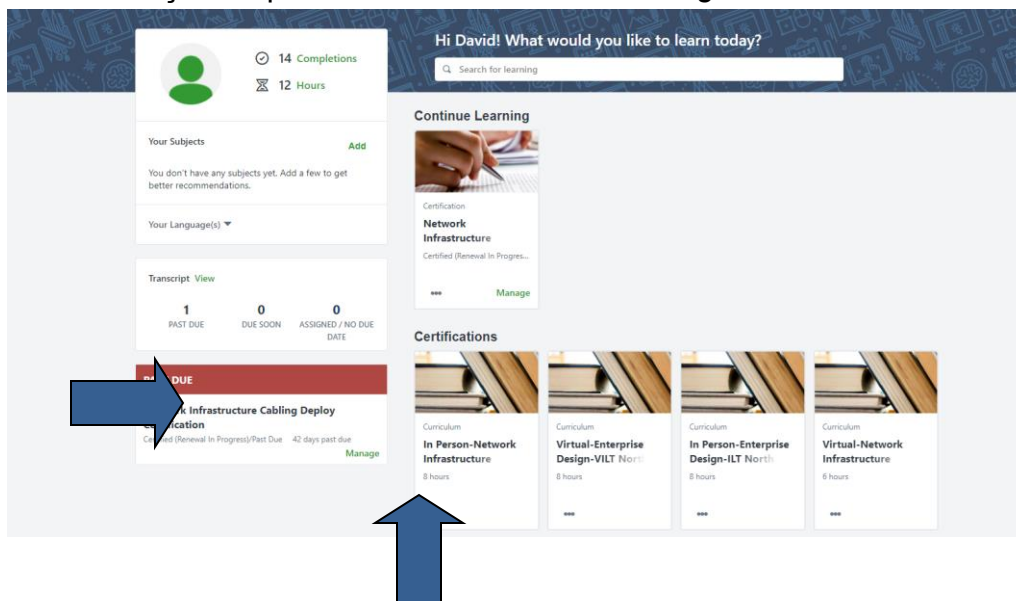

Passo 1: Navegue até "My Training"

O usuário fará login no The HUB: <https://partners.panduit.com>. No menu superior clique em "Training" e em seguida clique em "My Training".

Passo 2: Gerencie seu curso vencido

O usuário verá o(s) treinamento(s) vencido(s) na coluna da esquerda abaixo da transcrição. O parceiro deve clicar em "Manage"

Passo 3: Solicite a Sua Recertificação

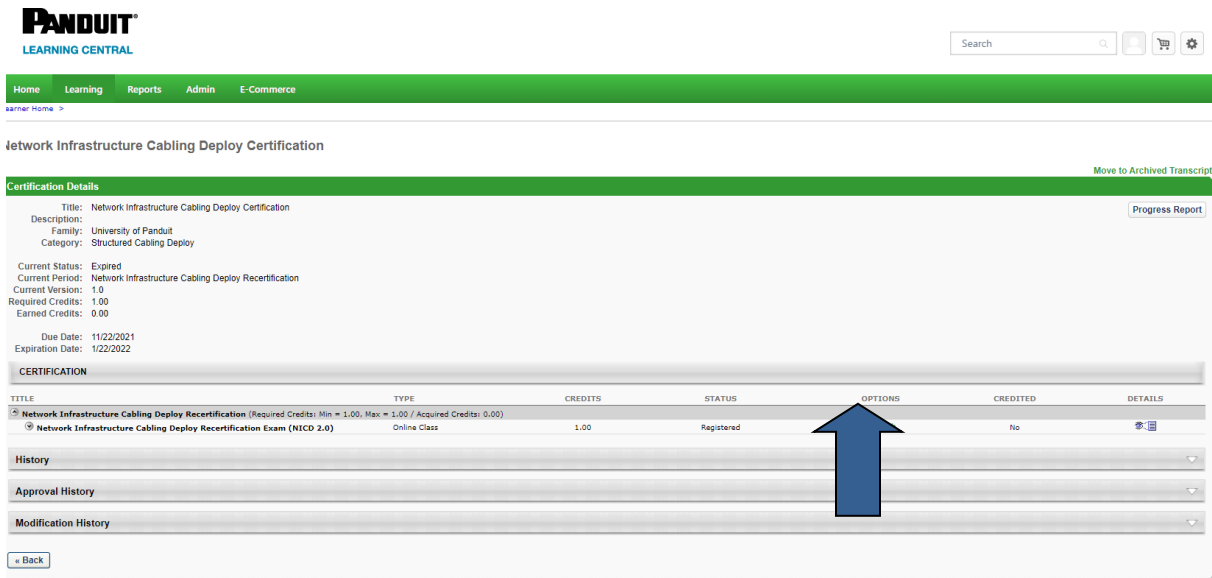

Após selecionar “Meenage”, o usuário precisará clicar em “request”. O usuário clicará em "request" novamente na caixa pop-up.

The screenshot shows the Panduit Learning Central interface. At the top left is the Panduit Learning Central logo. A navigation bar includes Home, Learning, Reports, Admin, and E Commerce. The main content area is titled "Network Infrastructure Cabling Deploy Certification". Below this is a "Certification Details" section with fields for Title, Description, Family, Category, Current Status, Current Period, Current Version, Required Credits, Earned Credits, Due Date, and Expiration Date. A "Progress Report" button is visible. Below the details is a table with columns: TITLE, TYPE, CREDITS, STATUS, OPTIONS, CREDITED, and DETAILS. The table contains two rows. The second row has a "Request" link in the OPTIONS column, which is highlighted by a blue arrow. Below the table are sections for History, Approval History, and Modification History.

The screenshot shows a pop-up window titled "Network Infrastructure Cabling Deploy Recertification Exam (NICD 2.0)". The window content includes: "Online Class | University of Panduit | 0 Hours 45 Minutes", a "Details" section with a description of the exam, "Price: \$0.00", and "Available Languages: English (US)". At the bottom right of the window are "Request" and "Close" buttons. A blue arrow points to the "Request" button.

Passo 4: Inicie a Sua Recertificação

Após clicar em “request” na caixa pop-up, o usuário precisará clicar em “launch” para fazer o curso ou teste de recertificação.
